

ANGEL

Salon & Academy

KOMAL RAJVIR

In 1997, I have decided to start my carrier in the beauty industry at that time I was doing my practice at one of my well-known senior I had taken training for 3 to 4 years without any expectations after that I have decided to take more experience and upgrade my self in this industry for that I have attended workshops and join technical courses from skills artists. After almost 11 years of experience, I have decided to start my 1200sqft of a salon in the gota area.

Product We Use

Cruelty-free & Vegan Range Pac, Tarte Cosmetics

What is the Difference between HD & Airbrush Makeup?

Hd makeup gives a more natural look by eliminating skin imperfections that make the face look blur or less visible than standard makeup, hd makeup products are lighter in texture, yet they give better coverage.

Airbrush makeup is makeup sprayed on to the skin using an airbrush machine. Airbrush makeup is silicone-based, which means it lasts longer and is more water resistant than regular makeup. Therefore, it'll with stand all the hugging and kissing that will inevitably happen through out your wedding day.
